Choosing colours

Discover these timeless colour combinations - each colour in the range is thoughtfully designed to mix and match, giving you endless possibilities.

1. GET INSPIRED

The colours in your home are a reflection of your individual style and personality. Look through magazines, visit bergerpaints.co.nz and guthriebowron.co.nz for inspiration.

2. TEST YOUR COLOURS

Narrowed down your colour choice? Visit your local Guthrie Bowron store. Pick up a Berger® sample pot and paint out your colour on large pieces of board. View them in the room you are painting as colours can appear differently in different light.

3. TIME TO PAINT

Once you've chosen your colour, it's time to measure the space and take the dimensions to your Guthrie Bowron store. There you'll get all the help and advice you need to choose the right Berger® product and get the right amount of paint to finish your job.

For more information visit:

Guthrie Bowron

Inspiration starts here.

TRUSTED SINCE 1896

Berger® has chosen to partner with Guthrie Bowron because like us, they genuinely care about your painting project.

Colour selection made easy

Guthrie Bowron have trained colour consultants in all stores, so they will happily have a chat to you about colour and give advice either in store or in your home.

GUTHRIE BOWRON LOYALTY CLUB

Guthrie Bowron's Loyalty Club, GB Inspired, gives you access to exclusive offers and discounts all year round, including 10% off Berger® paint.
It's absolutely free to join and be part of the club, so there's nothing to lose. You don't need to carry a card around either, simply fill out the form either online or in-store, and they'll take care of the rest.

PAINTER PLEASE!

Chosen the colours you love but not too keen on doing the painting work? Guthrie Bowron can put you in contact with the best local painters to take the hassle out of painting for you.

Choosing Sheen Level

Choosing the right sheen level will depend on the look and mood you'd like to achieve.

LOW SHEEN finishes are most popular for interior walls as they are washable and hard wearing, while helping to hide surface imperfections.

SEMI GLOSS finishes are popular in kitchen and bathroom areas due to their light reflectivity and resistance to moisture.

GLOSS finishes are popular choices for doors, windows and trim work as they are durable and can add dimension to the room when paired with flatter finishes.

BERGER®
Keeps on keeping on.®

The Berger® commitment to durability and protection

Berger® has been proudly manufacturing paint in Australia and New Zealand since 1916. We are committed to making paint to the highest of quality standards providing durability, reliability and protection for your home. That's what we mean when we say Berger® paint *"Keeps on keeping on."*

If you require product information or painting advice, call the Berger® advice line on 0800 800 424 or visit bergerpaints.co.nz

HARD WEARING
SINCE 1916
KEEPS ON KEEPING ON®

INTERIOR
A washable finish with built in stain resistance and protection against mould. Available in Low Sheen for all your interior painting needs.

DOORS, WINDOWS AND TRIM
Our water based enamel is a durable, non-yellowing, low odour formula for interior and exterior use available in semi gloss and gloss.

PREPARATION
Available in oil based and water based, for interior and exterior projects that require a sealer, primer and/or undercoat to achieve the perfect result.

CEILING
An ultra flat finish with excellent hiding power to help cover surface imperfections. Easy to apply with low roller spatter leaving less mess to clean up.

EXTERIOR
Provides long lasting UV protection against peeling, flaking and blistering and has built in mould resistance. Suitable for all exterior walls and fascias.

SAMPLE POT
It's important to confirm your colour choice with a Berger® sample pot. Testing paint on a large piece of cardboard or directly onto your wall can allow you to see how the colour is affected by light and texture in your home.
